

## NOTICE OF MODIFICATION TO THE REQUIREMENTS OF THE CERTIFICATION PROGRAM

### CAN/CSA B182.13 PROFILE POLYPROPYLENE (PP) SEWER PIPE AND FITTINGS FOR LEAK-PROOF SEWER APPLICATIONS

Date

2017-07-24

Updating of the certification program CAN/CSA B182.13 in reference to the standard CAN/CSA B182.13/2015-03-01 and the certification protocol BNQ 3624-913/2013-08-30

The aim of this notice is to inform you of:

- the updating of the certification program CAN/CSA B182.13 now offered in reference to the standard CAN/CSA B182.13/2015-03-01 (including update no. 3/2016-06-01), the certification protocol BNQ 3624-913/2013-08-30 and the certification requirements EP CAN/CSA B182.13/2017-07-18;
- the terms and conditions surrounding the transition period offered to manufacturers in order for them to comply with the new requirements set forth in the update no. 3 of the 2015 edition of the standard CAN/CSA B182.13 and the 2017 edition of the certification requirements EP CAN/CSA B182.13.

The certification program in reference to the 2015 edition of the standard CAN/CSA B182.13 is now subject to the requirements set forth in the update no. 3 of the 2015 edition of the standard CAN/CSA B182.13.

The terms and conditions surrounding this transition period are as follows.

- Starting now, any new application for certification will be processed based on the certification program's new requirements.
- Manufacturers already holding a certificate of conformity or having a file open at the BNQ will not have to file a new application.
- Starting now, BNQ's scheduled periodic inspection visits will be conducted on the basis of the certification program's new requirements, and the BNQ will deliver certificates of conformity in relation to the 2015 edition of the standard (including update no. 3/2016-06-01) to manufacturers who demonstrate that they meet that program's requirements.
- The updating of the manufacturer's certificate of conformity based on the certification program's new requirements will allow its continuation. The expiry date of the updated certificate of conformity will be identical to the expiry date of the certificate of conformity held by the manufacturer in relation to the 2015 edition of the standard.
